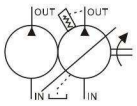
KOMPASS®

HI~LO PRESSURE PUMPS (VARIABLE DISPLACEMENT VANE PUMPS+GEAR PUMPS)

VD1+SL、VE1+SL Series



油壓記號
SYMBOL

Feature:

1. It reduces installed spaces that this pump is operated by one electric motor.
2. This pump supplies same or different actuators with individual high or low pressure arrangements.
3. Applicable to direct-mounted electric motor without couplings and easy to install.
